

Gel infused latex topper

The benefits of latex combined with the benefits of gel results in a superior topper!

- Keeps you cooler at night
- Healthy microclimate
- Excellent ventilation
- Natural elasticity
- Durability
- Naturally anti-fungal

The gel particles are blended perfectly into the latex, this guarantees a long lasting cooling comfort for the sleeper and an excellent ventilation.

The infused gel is clinically tested and fulfills the American FDA requirements (Federal and Drug Administration).

Available on toppers and rolls. Thickness: 3 - 4 or 5 cm.
